VISION STATEMENT

"The Government of Nagaland is of firm belief that fast adoption of a standardized eProcurement & Tendering System through Information Technology will enable the Departments in the State to gain cost efficiency, shorter procurement cycle, timely completion of work and transparency. The Nagaland State eProcurement & Tendering Policy aims at bringing an efficient central source for tenders relating to all activities such as goods, services and works taken up by Government Departments/ Undertakings/Boards."

1. GENERAL BACKGROUND

The Government of India has been envisaging early and fast adoption of the eProcurement & Tendering process in different Government Departments due to the perceived benefits of cost efficiency, shorter procurement cycle, transparency etc. with the electronic mode of Government procurement/tendering process. This is planned to be achieved through the Mission Mode Project (MMP) for electronic Government Procurement under National eGovernance Plan (NeGP) as envisaged by the Government of India.

Currently the main functionalities of eProcurement & Tendering are as follows:

i. Registration of Government officials & Bidders in different roles.
ii. Tender Creation & Publishing.
iii. Publishing of Corrigendum and decisions of Pre-bid meeting.
iv. Online Bid submission/ resubmission/withdrawal as per the needs.
v. Online Tender opening and decryption of Bids.
vi. Online/offline Payment of Tender Fee and EMD.
vii. Encryption of bids submitted by the bidder.
x. Uploading of committee recommendations / evaluation summaries at each stage of the tender process.
xi. Publication of Award of Contract information.
xii. Uploading of digitally signed document of the officials/bidders for authentication purposes.

2. ePROCUREMENT & TENDERING RESOURCE AND POTENTIALS:

i. Most of the Offices in Nagaland today are computerised and the State has the Information Technology and Communication Departments and NIC to assist in any area of computerization process.
ii. The Nagaland Public Works Department already has the e-Tendering system under implementation in its PMGSY Programme under the PWD (Roads and Bridges) Department and also in the PWD (National Highways).

iii. The existing Government employees can also be trained on the eProcurement & Tendering system through proper and intensive training programmes.

This approach along with optimum utilization of the available resource in the State can bring a drastic change in the tendering and procurement system of Government. Thus, a comprehensive plan on eProcurement & Tendering can play a significant role in ensuring transparency. This will also provide a level playing field to all the stake holders and it is expected to usher in a new era of economic development of the State.

3. RATIONALE

The NAGALAND ePROCUREMENT & TENDERING POLICY is thus adopted with the following rationale:

i. Nagaland eProcurement & Tendering Policy conforms to Mission Mode Programme (MMP) as envisaged by the Government of India which is found in the Implementation Guidelines for eProcurement rollout in States as a Mission Mode Project under National e-Governance Plan.

ii. The policy links with the Vision Statement of the IMAGINE NAGALAND WORKSHOP 2001 which states "Nagaland emerges not only as the top economically sound State with its people enjoying the highest standard of living, but also the epicenter of trade for the whole of South-East Asia. It is in line with the emphasis on e-governance in Nagaland Vision, 2030.

iii. eProcurement & Tendering system in Nagaland and its importance in terms of social and economic benefits such as transparency, faster economic growth, level playing field to entrepreneurs optimum utilization of available Government resources cannot be underestimated.

4. AIMS AND OBJECTIVES:

i. To provide a viable alternative on paperless e-Tendering through electronic mode thus gaining cost efficiency and shorter tendering cycle.

ii. To ensure fair and competitive bidding for optimum utilization of Government funds.

iii. To provide various opportunities to educated youths through e-Procurement programme.

iv. To promote e-Procurement as an essential tool for good governance.
